SEVENTH YEAR.

MAYSVILLE, KY., THURSDAY, JUNE 16, 1893.

ONE CENT.

Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising notices free any more than a merchant can give away his goods or shoes. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

We Have!

Always contended for and maintain it is a fact that there is a higher order of intelligence evinced in the business of general merchandise by the people in this and nearby counties than most anywhere else. You will find few persons who do their shopping in Maysville who believe that \$4.98 will buy a \$12 suit of clothes. Our many years experience goes to show that people want good goods, and for which they are willing to pay a fair price. Our 1898 spring business proves that the higher the class of goods the readier they sell. Our beautiful Black and Blue Serge Suits (we sell them at \$12) have bounded into wonderful great favor with our good dealers. We have a beautiful line of them. The weather is getting right for our

Crash Suits

Our Crash Suits are right for the weather. Prices ranging in this line

From \$2.50 to \$7

They are worth your inspection. On Saturday we will open our Children's and Boys' Crash Suits.

OUR SHOE DEPARTMENT is now complete in Summer Footwear. We handle only the best quality of goods in this line. Our Fine Patent Leather Shoes which a few days since were closed out are replenished with a shipment of the very latest and correct styles.

It seems that the interest manifested by the patrons of Fremont Park ever flag, for another large audience assembled again last eve. The Kline children were a strong card and won immediate favor with the audience. Their acrobatic work would do credit to much older performers. Stricklin's dog circus was pleasing. Turpin, an already established favorite, added a few new steps to his dancing act. As a matter of fact a better or more pleased audience never left a show than that of last evening. An entire change of program will obtain this eve. Don't miss this week's show, or you will regret it.

GREENUP, JULY 19

Time and Place For Holding the Republican Convention.

A HARMONIOUS GATHERING.

The entire Ninth District Republican Congressional Committee, save Rowan and Robertson counties, which had their voice by proxy, met promptly at 11 o'clock at the Central Hotel in this city yesterday.

Chairman James S. Huff of Cynthiana, Harrison county, called the body to order and immediately stated the reason for the call.

An early Convention seemed to be what some of the delegates thought would be the proper thing, but an early Convention was not called.

June 27th was asked for, but a hearty outburst of disapprobation soon threw the call, and the 19th of July was unanimously set as the date and Greenup the place.

The Committee further acting issued its order which is to govern the counties in selecting delegates.

A Mass Convention will be held in each county next Saturday, July 16th, and the following Tuesday these come together at Greenup to nominate a candidate who shall carry the Republican banner through the fall to the polls in November next.

It was a harmonious gathering.

Bad management keeps more people in poor circumstances than any other one cause. To be successful one must look ahead and plan ahead so that when a favorable opportunity presents itself he is ready to take advantage of it. A little forethought will also save much expense and valuable time. A prudent and careful man will keep a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house, the shipment follows will wait until necessity compels it and then ruin his best horse going for a doctor and have a big doctor bill to pay besides. Electric Park.

The fact was demonstrated last night that Maysvillians really appreciate a dramatic entertainment. The house was crowded and a more delighted audience never left a similar place of amusement. The Two Pansies' clever comedy acrobatic act elicited much hearty applause. Warren and Howard in "Idiosyncrasies" were also pleasing. Basso's charms all with his rendition of "Coco songs." Go out tonight and enjoy the best show in town. You get a car ride and a ticket to the show for 10 cents.

Friday's Cash Sale

Umbrella Talks!

An umbrella in the hand is worth two in the store—when that store is blocks away and its raining torrents. There are two kinds of umbrellas, one you buy, the other you borrow. If uncomplimentary facts may be recorded we believe the latter kind most popular.

In selecting an umbrella look to the name of the maker. That's the secret of our successful umbrella business. We buy of manufacturers who guarantee their goods to us and we in turn guarantee them to our customers. Low prices alone are no attraction. It's not getting things cheap, it's getting good things cheap. Everything here is cheap—some are very cheap, but they had to be something more than cheap, first. That's the strong point in the umbrellas we offer Friday. Its merit, style and value for the money everywhere wants even in umbrellas and if you come here you'll get it. We won't insist upon your purchasing. We won't argue, but the worth in the umbrella will. Some people object to parachute dusters, but the kind we'll have Friday will be welcomed by all the chaff coin-catcher of the city. Corolla Silk Umbrellas, steel rods, slender frames, silk tassels and cases, handles of many patterns, choice for Friday only \$1.81; after that the regular \$1.50. Don't think the 50c difference between sale and regular price represents our profit. We don't get 50 per cent on umbrellas. We've gone into the costs on these as the wisest advertising of the season.

ARCHDEACONRY COUNCIL.

Most Interesting Were the Sessions Yesterday—Closes Tonight.

Most interesting were the sessions of the Archdeaconry Council yesterday, the beautiful Episcopal Church being arrayed in Nature's sweetest blossoms to bid a welcome to the clergy and laity who come to us for council in God's name to do more and better things for His Church.

The morning hours were given to worship, the Right Rev. Bishop of the Diocese of Lexington presiding. The Holy Communion was celebrated immediately following a most practical sermon by Rev. Hollis Dyer of Dayton.

The business meetings began at 2:30 p. m. in the Guild Hall. At 3:30 Miss Harrison of Frankfort presided at a meeting in the interest of the Woman's Auxiliary. She is a most cultured woman, and as full of her noble work as to be an inspiration to all who heard her.

In the evening at 8 a short religious service preceded the set program, which was made up of short speeches by the clergy upon Sunday-school work, its advantages, uses and requirements. A most interesting congregation enjoyed the excellent talks.

Today the services and addresses promise to be more interesting, and we feel the public should accept this opportunity to hear these able men.

All sessions are free save the 9 a. m. devotional service this morning, which was designed for the Ministers' use.

The afternoon hour is 2:30, the evening hour 8 o'clock.

THE BUYERS GUIDE.

The Largest Shipment of
Binder Twine.

THE DERRING is a safe line to hitch to. In buying a Self Binder one should study the matter carefully and select the best machine. Any make of binder will cut wheat; they all do that; but there is one machine that will cut rye, oats, barley, millet, bluegrass, timothy, etc. Standing up or laying down flat, long or short, heavy or thin, on level, rolling or hilly land as steep as a roof. This machine is the Derring. Condition of grain or land makes no difference to this matchless binder. Get your money's worth and

BUY A DERRING

Deering Machines have roller and ball bearings both, and in that respect it is the machine of the kind made. Its draft is the lightest of any now on the market. Remember, Deering made the first twine binder. Deering first used ball and roller bearings. Surely you won't buy a cheap imitation. Take a business view of the matter. Buy an experience in the binder you can take advantage of Deering's 32 years experience. They made the first Twine Binder, have spent a lifetime in improving it and today offer you the result of their labors at the same price that other companies wish to charge you for experiments. Don't buy a cheap experiment, but buy a perfected Deering Binder. Mower or Hay Rake. They have made all other neighbors happy, as nearly 1,000 testimonials that we hold of residents of Mason, Bracken and Robertson distinctly state. We will be pleased to show you these testimonials. Come and see Deering's wonderful line of prize winning machines.

Chat Ever Came to
Northeastern Kentucky

was received Monday, Tuesday and Wednesday, May 29th, 30th and 31st, 1898, by JOHN I. WINTER, THE PRICE FIGHTER. There was \$30,000.00 (thirty million) feet in the shipment, and every foot of it is the justly famous Deering Pure Sial Twine. Every one wishes, demands and will have no other twine after once using Deering Pure Sial Twine. No one of us are too old to learn. If your neighbors are using a better article than you are, surely you wish to know it. The demand for Deering Pure Sial Twine has become so great that we were compelled to this year buy 30,000.00 feet to accommodate the wants of our customers. Now, listen. Every inch of this Twine is tested at a much higher tension than any binder requires in using, while in other makes of twine only 100 feet out of every 30,000 feet is tested. Deering Pure Sial Twine is made of extra long (fine) strands of Pure Sial Fiber, which permits of very fine spinning, thus producing more bundles to the pound than any other twine in the world. To make a long story short, I offer the following: Take out an acre of wheat with less pound than any other twine made, if you don't find that it is the strongest twine made, if it is not the best twine that you ever used, you will please return it and every cent of your money will be refunded. Surely, that's fair. You are to be your own judge. Say, I can save you big money on twine. I thought my twine some time since when it was selling below the cost of production. Twine has advanced ever since. I am willing to give my friends and customers the advantage of my judicious purchase. I am selling twine today, I feel a pound less than the market price. In buying Binder Twine, Farm Wagons, Farm Implements, Mowers, Hay Rakes, Self Binders or Furniture it always pays to consult The Price Fighter.

An Open Confession is Good for the Soul

We oversize the situation. We are loaded with Baby Buggies. They must go—we don't intend to carry them over. Cost cuts no figure in this case. We want a little bit of your money in exchange for these Baby Buggies, and in order to make the exchange quickly we will

FLOTSAM—JETSAM—LIGAN!

NEWS NOTES FROM NATURE'S GREAT HIGHWAY.

The Gate City passed up for Ashland with a tow of empties.
The U. S. Lightship Tender Golden rod is at Cincinnati for the night.
There was a good rain at headwaters, which will probably raise the river a couple of inches.
The W. W. O'Neil, on her way from New Orleans to Pittsburgh with a tow of empties, passed up. She will go as far as the can on the present low water.
The New South, from New Orleans to Cincinnati, has four lighters in tow in order to get through the canal at Louisville. This shows how low the water really is in that section.

As soon as the machinery is taken off the City of New Orleans, she will be dismantled at Marietta, she will be taken to Louisville and used as a wharfbarge for the Lorens and the New Pittsburgh and Louisville packet.
The excursion business on the river is larger now than it was ever known before, considering the low water disadvantage. Craft of all kinds is pushed into service, and it is no telling what it would be should there come a big rise in the river.
The rise in the upper end of the river will put the Pittsburgh right will resume their trips. The stage of water at Pittsburgh Monday evening was 5.9 below Davis Island Dam, and even before this stage had been reached Superintendent Ellison decided to send the Keystone State to Pittsburgh tonight on her regular schedule. In all probability the other boats of the line will fall in as their days come around.
Towboats are having difficulty in getting over Twin Creek Bar at Bunnsville, O. Friday the boat was stuck there with a tow of empties 24 hours. Saturday the H. F. Frieble with a tow of empties hung there for 13 hours, and Sunday night the W. W. O'Neil was there over night. The trouble is that the rocky bar on the Ohio side has extended up and into the channel several rods farther than in former years.
Ohio at Davis Island Dam stationary, with 5.9 feet on the gauge. The rainfall at the upper end of the river night will hold the river up for a day or two. There may be a rise of another foot, a light barge stage. If it does rise some coal will be sent out, but only a few firms have coal loaded in sight barges. General Freighters will have the Keystone State to Pittsburgh tonight on her regular schedule. In all probability the other boats of the line will fall in as their days come around.

The towboat Smoky City is due at New Orleans today with a tow of thirty-one boats, four barges and four fuel flat—600,000 bushels of coal, weighing 25,000 tons. It is her fourth round trip between Pittsburgh and Louisville, and the fourth round trip between Louisville and New Orleans. This makes 118 coalboats at large the has delivered at New Orleans in the four trips, and never lost a lump of coal. This is a record to be proud of. She belongs to S. S. Crump & Co. of Pittsburgh. Sam Wood is one of her pilots, and a better one never stood at a wheel.

The Cuban question and political issues sink into insignificance with the man who suffers from piles. What he most desires, is relief. DeWitt's Witch Hazel Salve cures piles. Henry W. Ray, adjoining Postoffice.

Congressman Pugh was at the War Department Monday in the interest of W. K. McKee of St. Stephens, and J. E. Soule of Mayville. The former wants a Second Lieutenantcy, the latter desires a position in the engineer corps. Mr. Pugh believes that both appointments will be made.

I was severely afflicted with a cough for several years, and last fall had more severe cough than ever before. I have used many remedies without receiving much relief, and being recommended to try a bottle of Chamberlain's Cough Remedy by a friend, who, knowing me to be a poor widow, gave it to me. I tried it and with the most gratifying results. The first bottle relieved me very much and the second bottle has absolutely cured me. I have not had a cough since for twenty years. Respectfully, Mrs. J. A. Brand, Claremore, Ark. Sold by J. James Wood, Drugist.
